REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The closest reference of record, Murugesan et al., U.S. Patent No. 5,846,990 teaches biphenyl sulphonamide compounds, see formula I. The instant claims differ by reciting compounds of formula I wherein the second phenyl ring of the biphenyl compound has a $-CH_2-R_1$ wherein R_1 is a specific pyridine moiety as recited in the claims. The reference does not teach or fairly suggest such compounds and therefore, the instant claims are deemed to be novel and patentably distinct.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Receipt is acknowledged of the Information Disclosure Statement filed on September 26, 2003 and a copy is enclosed herewith.
